### E-Civis Grants Locator System Use Agreement

As a local non-profit agency, I understand the E-Civis Grants Locator System (E-Civis) is being provided by the City of Maricopa and there are a limited number of user licenses available for use. Our agency agrees to utilize the E-Civis system on a regular basis. If our agency does not use E-Civis as stated in this agreement, I understand the license could be suspended and provided to another local non-profit agency.

---

How often does your agency plan to use E-Civis?
